

Parking Tips

- The lot is less full before 1 PM, after 2:30 PM, and on Sundays.
- Be patient. The turnover on spaces is actually quite frequent. If you don't see an open space, pull aside and wait for someone to leave.
- Avoid pulling down to the end of the lot unless you see an open space. There is no room to turn around at the end of the lot.
- When you can, carpool. If you are meeting friends, consider meeting in a larger lot that is close and carpooling over to The Pottery Stop.
- Use the Suntrust lot **ONLY** during non-banking hours (After 12 on Saturday & all day Sunday)
- If you park in St. John's Plaza, use caution crossing St. John's Lane.

We continue to work with the owners of St. John's Crossing to improve the parking lot. They have assured us that they will consider all possible options to improve the parking as development opportunities arise.

Thanks for your business and for your patience with the lot...
The Pottery Stop & Coffee Shop is worth the wait!
